

# Dekesi D-7218WZ

## Wireless 5G WiFi Chairman Microphone

### Key Highlights

- **5G WiFi** tri-band: 2.4 GHz / 5.2 GHz / 5.8 GHz — stable & interference-free
- Built-in **DSP**, feedback suppression, AGC & **5-band EQ**
- **4.3-inch color touchscreen** — multilingual UI (EN / CN / RU / JP)
- **Chairman priority** — approve, mute delegates & manage speech time
- Electronic **check-in & voting / polling** directly on device
- **Voice control** support & camera tracking integration
- Remote firmware upgrade, optional **5W built-in speaker**

The **Dekesi D-7218WZ** is a next-generation wireless chairman microphone built on a 5G WiFi digital conference platform. Supporting 2.4 GHz, 5.2 GHz, and 5.8 GHz bands, it delivers stable, high-quality audio without complex cabling. Equipped with a 4.3-inch color touchscreen, DSP processing, AGC, 5-band EQ, voice control, electronic check-in, and voting — it is the ideal solution for boardrooms, government chambers, and large-scale multi-purpose conference halls.
