

Dekesi D-6181-3

Full HD USB PTZ Conference Camera — 3x Optical Zoom

Key Highlights

- **Full HD 1080P @ 25fps** — clear, stable video for online meetings
- **Advanced ISP image processing** — natural color & uniform brightness
- **3x optical zoom** — flexible framing for small to mid-size rooms
- **Quiet motor** — low-noise operation with precise PTZ positioning
- **USB 2.0 all-in-one** — video output + PTZ control + power in one cable
- **True Plug & Play** — no driver required, instant setup
- **Compatible: Windows / Linux / Mac OS X / Chrome OS**

The **Dekesi D-6181-3** is a compact Full HD PTZ conference camera designed for fast, simple deployment in online meetings, training rooms, and hybrid collaboration spaces. Delivering 1920×1080 resolution at up to 25fps with advanced ISP image processing, it provides clear, natural-looking video in any lighting condition. The 3x optical zoom and precise quiet motor ensure flexible framing with minimal disturbance during meetings. A single USB 2.0 connection handles video output, PTZ control, and power simultaneously — enabling true Plug & Play operation across Windows, Linux, Mac OS X, and Chrome OS.

TECHNICAL SPECIFICATIONS

Model	D-6181-3	PTZ Positioning	High-Precision
Product Line	Full HD Conference Camera	Interface	USB 2.0
Resolution	1920 × 1080 (Full HD 1080P)	USB Functions	Video Output + PTZ Control + Power
Frame Rate	Up to 25fps	Connectivity	Plug & Play — No Driver Required
Optical Zoom	3x (Optional: 10x)	OS Compatibility	Windows / Linux / Mac OS X / Chrome OS
Image Processing (ISP)	Advanced ISP Technology	Applications	Online Meeting, Training, Hybrid Room
Auto Focus	Yes — Automatic	Suitable Environments	SMB Boardroom, Classroom, Office
Motor	Quiet, Low-Noise Operation
